

# Trial & Error

UNWELL

I'm stuck at a stand still  
And I'm trying not to fall  
So overwhelmed with the task  
Cue panic attacks  
And do nothing at all

Maybe it's just me  
Or maybe it's my depression  
But when I fail so many times  
It's hard to find the lesson

Trial & error  
Can you comfort me tonight?  
Been like, forever  
Since I felt like I was right  
Don't feel much better  
After all of my mistakes  
Trial & error  
Help me find a better way

It might look like I'm not trying  
When I'm ripped of my successes  
Like a sick joke someones playin'  
Just to torture all my senses

Trial & error  
Can you comfort me tonight?  
Been like, forever  
Since I felt like I was right  
Don't feel much better  
After all of my mistakes  
Trial & error  
Help me find a better way

It must be so easy  
A life with no mistakes  
But what would be the meaning?  
Some nightmare we'd create  
Oh god  
Trial & Error

But what would be the meaning?  
Some nightmare we'd create

Trial & error  
Can you comfort me tonight?  
Been like, forever  
Since I felt like I was right  
Don't feel much better  
After all of my mistakes  
Trial & error  
Help me find a better way
