

Machine

Unwritten Law

Frustration, Hesitation
Hand in a fist gives you dislocation
Become a soldier kill your coach-ah
Slits on your wrist good dog, roll over

Cuz the machine must go!

I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must go

Here's my finger
Fuck you!
Here's my finger

No question
Home religion
Grown through the swine
Summertime prediction

When you're ready,
Go steady
Funnel the meek
Come on and get me

Cuz the machine must go!

I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must go

Fuck you!

Machine must go, machine must go [x3]

Cuz the machine must go!

I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must-
I'm gonna gonna gonna cleanse my soul
I'm gonna gonna let the whole world know
I'm never ever gonna wait in line
waste my time
The machine must...
