It's the stupid you always are  
Can't understand it, it's wrong from the start  
Those are the heads and tails of the world we live in, R.I.P

Stop imitating, it's dangerous  
Everything from the start, stop it

Someday you might lose that sound and keep it shut, R.I.P

There is only biting your fingers now, serious  
If only you realize now it's no use, stop it
