Give you all my love

You're walking over to me, it's like magic
Even from far away, you stand out, do you know?
Countless guys keep surrounding you
I will protect you, you're ma girl
You and I, that sounds awkward
All of you is too good for me
I still can't be perfect
But we're going up to the sky
You make me feel high
Fine, fine, you're so fine
Now I'll show you my love

I want to have you by my side a little longer
I want to whisper to you
Give you all my love

Anyone can see, I want you to be my girl
Baby, you're so beautiful just as you are
Now I'll give my all to you
Breathless ecstasy, you're like a dream

You're different from a slight trick
You have your own magic, hidden in a box
Should I ask for just one more day?
No, I can't anymore, I'm gonna be brave
You're ma girl

It should be hard to be that pretty every day
How can you be so perfect?
It's obvious, you have a perfect spec
I won't be a guy who is cocky
Look, I'm different, it's about speed, it's about consistency
Our temperature has changed to honey

I wanna trap you inside of me
I wanna be the only one to look at you
Give you all my love

Anyone can see, I want you to be my girl
Baby, you're so beautiful just as you are
Now I'll give my all to you
Breathless ecstasy, I wanna be drunker with you

Hey girl, give you all my love

Oh, how can I only look at you?
My heart beats so much

Don't think so difficultly
Come on be my lady, be my boo
I'll show you everything
I'll fulfill everything
Lean on me

Anyone can see, your wings shine brightly
Baby, at the end of all my dreams
Baby, wherever it is, you're there
Breathless ecstasy, will you come to me now?

Give you all my love
