You, lady on the side
There is no time to sit there, stand up right now
I'll make your feet hot
You will not able to stay still now
(Shake your body shake your body)
I'm talking about you who's listening to this song yeah

Ordinary make up and hair style are no
You'll be more glamorous
If you come with proper outfits
Raise and stand up like me, come and follow me
With little effort, let's dance together like crazy
Keep dancing till the feeling goes down

Without worry, let's be crazy today
It's not hard to shake crazily
Let's let loose our craziness
Head, shoulder, knee, feet, knee, feet, shake them all
Shake your body

Today, make it more exciting than yesterday, party2nite
Only between us, let's all together say yeah yeah yeah
Standing beside me is more exciting
Than anyone else, go louder oh
Make some noise, make some noise ye

Everybody shake your body
Everybody shake your body
Everybody shake your body
Everybody everybody

When you're exhausted
Go rest while listening to this song
When you feel depressed or tired with lots of thoughts
I'll make you awesome
You wouldn't be able to leave this club now
(Shake your body shake your body)
Everybody all of you let go ye

Today, make it more exciting than yesterday, party2nite
Only between us, let's all together say yeah yeah yeah
Standing beside me is more exciting
Than anyone else, go louder oh
Make some noise, make some noise ye

Everybody shake your body
Everybody shake your body
Everybody everybody

Don't mind me, don't mind the boundary
Just match everything with what your body feels
If someone stops you, there is no freedom
We don't have time
Let's keep enjoying this
Even though we're tired, raise! Get up!

Oh yeah without tiring just like this moment
Shout it all like this without rest and keep moving
Oh yeah baby
