Did you love me lady
Anyway, I was so lonely

Ready now, let's run together
Let's go at the sound of the gunshot
Run as fast as you can
Goes around around
I wanna control my pace
But I'm always chasing after my heart
I think I'm already tired
I wanna take a break

Don't just sprint one part
And then pass the baton
Perfectly run
The entire course

Break me down
Running and running without a break
Break me down
My heart is running out

I'm running out of breath
I'm tired as if I'm running baby
Feels like my heart will explode
I'm trying to catch you, who is getting farther away
(Down down)

Follow me to the finish line of destiny
Where are we? It's our fantasy world

I've been running the same laps
Running out of breath in my polo and jeans
I can't hide my feelings for you anyway
I wonder why it just has to be you

Can't I hold your hand? When I be your man
I hate seeing myself get smaller
Like dominos, I want to narrow our distance
I can't fall behind or just pass by

The sweat we shed together
Flies away as tears
I can start to see the end
I'm completing it

Break me down
Running and running without a break
Break me down
My heart is running out

I'm running out of breath
I'm tired as if I'm running baby
Feels like my heart will explode
I'm trying to catch you, who is getting farther away
(Down down)

Just hold on, faster than anyone else
Was you and I, why
Why do I wanna stop?
If I endure a little more, will I have victory?
Just one more step, don't fall down

Don't let go of my hand, running out of breath
I'm tired, as if I'll explode, baby
Don't let go of my hand, of my heart
I'm trying to catch you, who is getting farther away
(Down down)

So many things have changed
You pretend they haven't
But now I need oxygen
I hope your last will be me, let me be there
