Oh baby so beautiful
Oh baby so beautiful
00 0000 0 000 beautiful

Wherever you are, you're so beautiful
You're like a painting
Under the sun, so beautiful
Wanna give it to ya

Put down all complicated thoughts right now
A sweetness will open up to you like magic
Let's go to a place where no one knows us
Let's move on

On top of the heated highway
I'll turn on a song for you
As if we're sliding, here we go
Wherever you want, tell me baby, go now

I'm inviting you to a place where no one else is present
In my bed, without anyone knowing
Let's dance, trust the music
However you dance, only you will shine
Only you will shine, even under the sun
There will be a lot of jealous eyes but
You make the vibe so hot
I wanna throw you a party that's only for us

An endless party
Till the sun comes up, woo baby
Your dazzling smile makes my heart flutter
You're so beautiful, the one and only, beautiful

Your perfection is like a dream
I'm afraid you'll disappear
There are waves in your brown eyes
I'm falling into them

Can't escape from your eyes
I finally found my four clover
My jackpot was always you
Take me to the high place, be my luck
Baby I'm lucky, I feel good, I like it
The answer to my feelings for you is okie dokie
I'm always five minutes away, ring ring
When my phone vibrates and I hear your voice, I'll leave right away

An endless party
Till the sun comes up, woo baby
Your dazzling smile makes my heart flutter
You're so beautiful, the one and only, beautiful

Under the sunset sky, baby you, oh you
I'm colored with your scent, all for you, oh you
Because my standard is you
I like this season too
I'll fill up your eyes with only me

Oh my god I'm coming to you right now
I'm thirsty for you, burning outta my life
You're my wind, blow over to me more strongly
Then I'll rise up even more
No need for words between us
Like Twenty Questions, we're going along quite smoothly
Laying ourselves down with secret whispers
Look at me, there's no middle ground, baby

An endless party
Till the sun comes up, woo baby
Your dazzling smile makes my heart flutter
You're so beautiful, the one and only, beautiful

Oh baby so beautiful
Oh baby so beautiful
Oh baby so beautiful
You're so beautiful, the one and only, beautiful
