A-yo UP10TION let me hear say
Hey attention leggo
Burning out burning out burning out
Burning out burning out burning out

You make a fire in my heart
Time stops and flows
At your beauty
All of my nerves are standing on edge
My eyes are filled with you
I'm pouring hot oil into them
So I can burn with you

(Dizzy)
You're burning me up until the end
I'm confident, I'm giving it my all
(No fear)
Like there's no tomorrow
Don't look back, walk over to me
It's already over for me baby
Without you, it's over baby
I'm telling you my feelings that I couldn't before
I'll erase all your doubts

It's burning white
I have nothing, I threw everything away
Only thing remaining is you
(You're my last)
It's burning black
Nothing remaining, I threw everything away
Don't try to stop this heart

Can't stop please
Don't make me sad anymore
Don't stop me now
Because I'm gonna run to you now

When I get close, hold out your hand
When I reach your heart, don't reject me

Every time, I'm pulling
I try to catch you
Who can steal you away from me?
I will have you

(It's not easy)
If this is love
I won't dream about anything else but you
(It won't cool down)
In this world filled with lies
Save me with your light baby
Don't say anything baby
Just come to me baby
Even if everything is over, I'm still burning
My heart has fallen for you

It's burning white
I have nothing, I threw everything away
Only thing remaining is you
(You're my last)
It's burning black
Nothing remaining, I threw everything away
Don't try to stop this heart

My desperate heart is not complete
It's about to collapse like jenga
Damn it, is loving her a sin?
I admit it, you won
You captivated all of me
My burning heart is yours

It's burning white
I have nothing, I threw everything away
Only thing remaining is you
You're my last
Don't go (oh)
Till the end (oh), I'm burning out
(Because it's you in the end)
Don't try to stop this heart
