

# Forever Fame

Upchurch

I stay to myself a lot  
I stay in my head with these thoughts  
And I seek no one to ask  
'Cause everyone like me's long gone in the past

I got forever fame  
A forever name  
And I can't escape 'til I'm in the grave  
Stuck starin' into the sky  
Forever fame, I'ma roll these dice

They point at me and whisper slow  
Swerve in traffic for damn photos  
They try to convince me I know folks I've never seen  
Bidin' time with their sob stories  
But they never are sincere  
Same person would kill me just to say he did

I got forever fame  
A forever name  
And I can't escape 'til I'm in the grave  
Stuck starin' into the sky  
Forever fame, I'ma roll these dice  
Forever name  
And I can't escape 'til I'm in the grave  
Stuck starin' into the sky  
Forever fame, I'ma roll these dice
