

# Magic Mountain

Upchurch

I ain't one for a blueprint  
I'm like, hold my beer, watch me do this  
Didn't go to school for the music  
I drew on my desk and told my teacher he was stupid  
He wanna be a singer, callin' me white trash  
I'm a white trash singer, now he wants my autograph  
Go to class so I sign it with a "XOXO"  
And watch the student giggle 'cause they know, they know

That I'm on a magic mountain  
So many goals, man I stopped countin'  
When you climb so long, people fall off  
Don't look down if you ain't seen what the top is  
Soul gonna swim in a platinum fountain  
Made my mark on a century playlist  
Bad vibes? Up here I can't hear that  
Why? 'Cause I'm on a magic mountain  
I'm on a magic mountain

I ain't one for the cool shit  
I just buy the foreign cars when I'm high and bein' stupid  
To show the rich folks we could do this  
Easy bein' famous, gotta work to be timeless  
Used to break in the Bellvue pools on a weekend  
Now mine shaped like a guitar by Gibson  
And only bad bitches gettin' in  
GPS my location, see where my superstar ass been

That I'm on a magic mountain  
So many goals, man I stopped countin'  
When you climb so long, people fall off  
Don't look down if you ain't seen what the top is  
Soul gonna swim in a platinum fountain  
Made my mark on a century playlist  
Bad vibes? Up here I can't hear that  
Why? 'Cause I'm on a magic mountain  
I'm on a magic mountain
