Tattoos I got them, girlfriends don't need those
Avalanche on every track, ski mask but I'm not froze
Not a con but I got prose, famous stars and strap clothes
Too bright, Dayglow, fuck bad bitches Marilyn Monroe

Got too many tattoos on my body
Look like I done killed somebody
Just on my arm with a tailgate shotty
I'm a redneck found in the lobby
Lookin' for the beer in the motel party
Waitin' for the cops to kick the door
Yellin' all you drug addict lookin' asses get hands on the floor
Truck look like Mossy Oak
My bitch look like Britney Jones
Got Jack and Coke in a Solo cup
And it's Friday night so you know I'm gone
I'm drunk as fuck and I'm high as shit
Z-71 Sky Jacker lift
We in the sticks past a picket fence
Might bust your ass with a Craftsman wrench
People diggin' me deep like a Bobcat trench
Y'all stuck like a two-wheel drive stuck in the ditch
I'm the one that cannot be unhitched
No sales pitch about bein' rich
Illy killy, I'm twistin' up a Philly
Mix Jack Daniels with a big bonfire and actin' really silly
Yeah I'm bright like Tennessee stars at night
My Chico wounds make me want to fight
I was raised up that way, not take any shit
Always be the first to hit, we're not here to talk shit
B-big bucks, b-big trucks, brass knucks, what's up
Ain't never met a motherfucker like me
Come bring it on down and get some

Tattoos I got them, girlfriends don't need those
Avalanche on every track, ski mask but I'm not froze
Not a con but I got prose, famous stars and strap clothes

I-I'm on my Freddy vs Jason boy
Make sure you never see a Tonka Toy
Nuts like a pack of Almond Joy
Built Ford Tough, poor boy
Built to seek and destroy
Like a Mossberg pump to a duck decoy
Say shit to me, never seems to take off
I call it no deploy
I think I'm Big Meech, nah TJ Banks
Black on black Chevy Duramax

Got my country ways goin' hard in the paint
Break it on down K-Town too loud
For them saggy pants and that city slickin'
I was told these was way like me
David Jones was out just Lizard Lickin'
Camo with the ammo, no Lambo
Streamline when I flow, let it go
Too cool, I'm the redneck only go so low
On all of my variety shows
New fresh goin' off, all over my high tess
Gonna keep it me 'til I'm dyin' flesh
I'm surroundin' my , I'm a backwoods mess
With a Tennessee 615 address
I'ma put it down like max suppress
What we got to lose? Nothin' less
Asphalt cowboy tatted on my chest
Underest' me by the way I dress
What do I care? I fuckin' don't
Y'all make it rain, I'ma damn cyclone
Bad to the bone with a big ass bong
Smokin' like a Willie Nelson song

Tattoos I got them, girlfriends don't need those
