

Woo, woo, woo, woo
Patter, Church, motherfucker

They talk about me different when they mentionin' my songs
Somebody do me wrong, got a list I mark 'em all
The DJ let it play and shit get real if they click pause
Folks feel different 'bout me when they listen to my songs
I'm the slang, I'm like mane
They don't get it, it's a Tennessee thing
I'm the slang, I'm like mane
They don't get it, it's a Tennessee thing

Patter
What's up with ya, we get the picture
We get the swag, we get the
Country talkin' we gettin' richer
Saucin', bossin' drip out the pitcher
G stripper, bag clipper
I'm in the linex, a tag gripper

I need to be movin' a tad quicker
'Cause price is rising up, up yeah, up yeah
Bein' broke, no money, all that sucks yeah, sucks yeah
Sittin' ducks stuck, they'll get plucked yeah, plucked yeah
First class seat ticket, bus fare, bus fare
Patter, funny outside I'm icy
You done frowned with no salt, I'm spicy
Talk behind your boy back, you sheisty

Wishy-washy type dude, you dicey
Don't trip on it, Chinese food ricey, ricey, ricey, ricey

This ain't the city, you can't slide to see where I'm at
Leveled so high be filmin' me in time lapse
All my haters workin' lids, 'cause they all cap
All my homies crazy, don't know feat 'cause we snap back
'Round here yank a chain, somethin' different
You sleepin' on me? Bring a flatbed with ya
I'm the man, fuck you mean?
Steal the show, I JoeTV
I crawled out the underground and took a piss downstream
Y'all actin' skills is ass with pretendin' I ain't shittin'
Say I don't know biz then you mimickin' my business, lil bitch
