

## Straight From The Barrio (210)

### Upon a Burning Body

Now for those of you who don't know, you got two choices:  
Either get up, or get the fuck out

Here we come

Motherfuckers back at it again  
We're back in town, feel the heat  
The new black is brown  
Come get that good shit, that hood shit  
That straight from Texas music and before we're done  
We're going to own this town  
San Antonio we're about to explode  
Straight from the barrio  
We're out of control  
The party don't start we kick in  
All you fake motherfuckers you out we in

From the bottom of the barrel to the top of the world  
This is still who I am from the river city to the ocean shores  
I won't forget you

Get up

Born and raised in that dirty, dirty, dirty South  
I walk the walk, kid- You just run your mouth  
If you respect me I'll respect you that's without a doubt  
But if you don't like my city you can get the fuck out  
Light it up, burn it down, feel the heat, we own this town

From the bottom of the barrel to the top of the world  
This is still who I am from the river city to the ocean shores  
I won't forget you  
From down in the gutter when all we had was each other  
This is still who I am  
You believed in me when this was only a dream  
And I won't forget you

San Antonio we're about to explode  
Straight from the barrio  
We are the 210- San Antonio  
We rep that 210 and we're outta control  
Ain't nobody going to represent the city like we do  
You bleed for me and I'll bleed for you too  
Ain't nobody putting S.A. on the map like we do  
You bleed for me and I'll bleed for you too

I'm on top of the world  
And this is still who I am from the river city to the ocean shores  
I won't forget you  
From down in the gutter when all we had was each other  
This is still who I am  
You believed in me when this was only a dream  
And I won't forget you

Get up
