

I Don't Believe in Love

Upon This Dawning

Tears falls from eyes and I fell so alone
Your smile, your eyes are fixed in my mind
I've tried to delete everything about us but you're
still here
the only I thing I know is that (sorry but I) I love
you

Live forever on my own (5x)
Wait for die
Live forever on my own
I'll live forever on my own

You're so closed to me now
But not here with me because I can't see you
Everytime, and everyday
I wish you come here because I can't stand you
Another waste time here
Closed in this dark side of me
(Hope to stay there with you)
Hope you stay here with me
Other words throw away for nothing
You can read them
But You can't love me

And I write...
Tonight I won't close my eyes
Kill me, I can't sleep tonight
Tell me what is going right?
Wait for me, I love you
Sorry but I have to go away from you
'Cause tonight I can't stand to be here and to stay
without you
And I think that I don't (and I'll never know) I don't
believe in love

Everytime that I look this screen
I read your words full of tragedy
Sorry 'cause I can't do nothing for us
There's an ocean between you and me (me and you)
I can't swim forever, but my thoughts are for you

And I write...
Tonight I won't close my eyes
Kill me, I can't sleep tonight
Tell me what is going right?
Wait for me, I love you
Sorry but I have to go away from you
'Cause tonight I can't stand to be here and to stay
without you
And I think that I don't (and I'll never know) I don't
believe in love

You read my words when I write goodbye
I can't hear your voice if you tell me stop, please
don't go away from me
I need you here (4x)

I can't kill the distance
But my dream is to live
By your side and with you
One day fly away from this hell

And I don't believe in you
