

This is the fastest way I know  
Alley trees were grown again  
I cut across the city's backyards  
And every blade of grass would make me sneeze

This is the fastest way I know  
Alley trees were grown again  
I cut across the city's backyards  
And every blade of grass would make me sneeze

Oh I swear  
Surrounded?

The sun will set for you  
The sun will set for you  
The sun will set for you  
The sun will set for you

(Will set for you)  
Caught a glimpse of her grace  
(Will set for you)  
Caught a glimpse of her grace  
(Will set for you)  
Caught a glimpse of her grace  
(Will set for you)  
Caught a glimpse of her grace

Caught a glimpse of her grace  
Caught a glimpse of her grace
