

Sunny D

UPSAHL

Yeah, sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk

Sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk

I got issues so I put 'em online
You wouldn't last a second living in my mind
You call it mental, I call it a good time
Sugar high
Pop one in the backseat
Oh my God

So if I'm falling off the deep end
I'll probably do a couple things I'll regret
Windows tinted, you can't see in
I'm surrounded by these feelings I don't catch

I'ma buy it, live my life like I might die today
Marijuana hit me harder than a tidal wave
Yeah, I might do it just to prove I got expensive taste
Prada and Louis
Yeah, I'm so boujee

Yeah, sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk

Sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk

If looks could kill, I swear this room would drop dead
If I had a dollar for every DM I get
I could buy you outta all of your debt
Sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk

I'ma buy it, live my life like I might die today
Marijuana hit me harder than a tidal wave
Yeah, I might do it just to prove I got expensive taste
Prada and Louis
Yeah, I'm so boujee

Yeah, I'ma buy it, live my life like I might die today
Yeah, I hit different 'cause I'm riding on a tidal wave
Yeah, I might do it just to prove I got expensive taste
Prada and Louis
Yeah, I'm so boujee

Yeah, sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk

I'm gonna jump into the deep end
And break your heart into a million pieces
Blow me a kiss, baby I'm leaving
Got everybody in the whole place screaming

I'ma buy it, live my life like I might die today (Like I might die)
Marijuana hit me harder than a tidal wave (Tidal wave)
Yeah, I might do it just to prove I got expensive taste
Prada and Louis
Yeah, I'm so boujee

Yeah, sugar high
Pop one the backseat
Oh my God
Mix it with the Sunny D
Miss me with that pillow talk
