

## Weekends

Urban Cone

I see the colors, that I once painted  
Can you feel it? I can feel it!  
I see the posters, that I once stood for  
Can you feel it? I can feel it!

Do remember, we use to build castles  
I used to feel it, you used to feel it

On the weekends  
On the weekends

I see the people, that I once cared for  
Can you feel it? I can feel it!  
This is the city, the city where i left you  
Can you feel it? I can feel it!

Do remember, we use to build castles  
I used to feel it, you used to feel it

On the weekends  
On the weekends

On the weekends  
Can you feel it inside?
