

# Inside-Outsider

Urban Dance Squad

I want in  
Not to be down with  
Count me in  
Not to be down with

Lizards' tongues licking, everything is pivoting  
To be on top

Like constantine  
Ready to scheme up  
From every crack and seam  
Devils team up

Got to get the fabric, got to get the fabric

I want in  
Not to be down with

Lizards' tongues licking, everything is pivoting  
To be on top

Got to get the fabric, got to get the fabric

I want in  
Not to be down with  
I know it's a sin  
When my big frown hits

Got to get the fabric, got to get the fabric

Lizards' tongues licking, everything is pivoting  
To be on top  
Here's the man who stands on the outside  
Inside looking

Here's the man standing on the outside  
Inside looking, what you've been cooking up  
Want to be the man who shakes with his  
Right hand, stabs with the left hand  
In two seconds flat
