I Don't Wanna Care

Urban Mystic

Baby, I know we've been together
 I know you want a life forever
 But I need a little more time

 I don't wanna care
 I don't wanna care
 Never meant to trust you
 Never meant to love you

 Tryin to figure out how we got here
 So I can put us in perspective
 Nobody wants to feel like that

So much spend you don't know how I feel
 Afraid that you won't accept it
 Nobody's ever made me feel like that

 Don't wanna believe
 In what you say
 Where do I turn?
 Where do I go?
 Where do I stay?

 'Cause I don't wanna care
 I don't wanna care
 Never meant to trust you
 Never meant to love you

(Verse)
 I gotta go collect these pieces
 So I can put this puzzle together
 Then maybe we can understand
 Ye

Hurry up and tear my heart to pieces
 'Cause nothing ever lasts forever
 And we won't have to understand

(Pre-Chorus)
 Don't wanna believe
 In what you say
 Where do I turn?
 Where do I go?
 Where do I stay?

(Chorus)
 'Cause I don't wanna care
 I don't wanna care
 Never meant to trust you
Never meant to love you
