

I'm the victim of my own incompetence
Swallowed by the world
Into its depths I fall.

I'm a boy, I'm a child at heart
Insecure to the world from the start
I'm a boy, I act like I know it all
But the truth, I'm scared of it all.

I need more confidence
I slash my wrists to feel
Cuz I can't take your bulls**t anymore
I can't take it anymore,
I'm the victim...

I'm a boy, I'm a child at heart
Insecure to the world from the start
I'm a boy, I act like I know it all
But the truth, I'm scared of it all.
