The Apparition

The roads that lead me here tonight
freed this twisted mind
I'm not ever, I'm never looking back
unleash the seas of tears, unfolding
slowly creasing streaks appear & line my cheeks.

I've finally woken up.

I CAN SEE THE FACES TAKE OVER ME
I CAN SEE THE PLACES TAKE HOLD OF ME
i'VE FINALLY WOKEN UP

I'm here in the open
with a mind once misled
Let go of the horrors that left me for dead
both of my eyes can see
& my conscience is clean
