Forgiven

Urge Overkill

What you need?
When the whip comes down on ya
What do you see?
When you open your eyes, open your eyes
It better be me
When the world comes down around ya
You gotta believe

I'm done giving
I'm gonna be among the living
I don't want to hear your opinion
I wanna be forgiven

I tried to say
But I won't come down to tell ya
Talk to me
So you'll never be lost, never be lost
Along the way
And I wanna come down and find ya
I'm staking a claim

I'm done giving
I'm gonna be among the living
I don't wanna hear your opinion
I wanna be forgiven

Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?
Whatcha gonna do in the middle of the night?

I'm gonna be among the living
I don't wanna hear your opinion
I'm gonna be among the living
I don't wanna hear your opinion
I wanna be
I wanna be
Lord, I wanna be
Forgiven
