

Psychedelic Evil

Urgehal

The Devil is in the mirror
You see Him every day
The Devil is in the ceiling
You see Him every night

Psychedelic Evil
Serotonin on LSD

The Devil is in your head
You see Him with your eyes shut
The Devil is always with you
He is laughing frantic on your shoulder

The Devil is in the ceiling
You see Him every night

Psychedelic Evil

The Devil

Psychedelic Evil
The Devil is always with you
