

## Stesolid Self-destruction to Damnation

Urgehal

Sulphour is your mind  
Eternal misery

Psychedelic asteroid journey  
through infernal maze of horror  
Death lurks behind each bend  
ready to wheel you in

Rabid these last years have been  
alone you have proved the mind  
but the exit is lightyears away  
and the riddle have no right answers

You search for your ticket to beyond the stars  
But in reality you're digging frantic for hell
