

The Sulphur Black Haze

Urgehal

Vile disgusting creeps
Infesting planet earth
Wasting precious space

A virus running wild
The sulphur black haze - the justice of man
The sulphur black haze - the grim tour of man

The sulphur black haze - the end of mankind
The sulphur black haze - the new dawn awakes
The sulphur black haze - a new life awaits

The sulphur black haze

You're a reeking pile of a shit
You're blooming when you're dead
The weed of the universe
I hate you all

You may all choke on your blood, piss and guts

Vile disgusting creeps
Infesting planet earth
Wasting precious space
A virus running wild

You're a reeking pile of a shit
You're blooming when you're dead
The weed of the universe
I hate you all

You may all choke in your blood, piss and guts
