

Closer to Your Dreams

Uriah Heep

You were always waiting for that moment to arrive
And there's so many ways that you can go
No looking back now it will only bring you down
So many tried but slipped away
Now it's time for you to have your say

Don't turn your back or lose your sight of who you are
When you're down and there's no one else to blame
There is no secret how to win or how to lose
Think again, choose the only road
See it and you'll find a better day

Some get famous overnight, others take much longer
If you think that time is on your side
Some have future's glowing bright, others wait a lifetime
Are you strong enough to take a ride

You must stop living life through someone else's dream
As your spirit will get just beyond repair
Behind the scenes you can't get blinded by the light
Understand how to break the rules
There's so much more to fame than meets the eye

Some get famous overnight, others take much longer
If you think that time is on your side
Some have future's glowing bright, others wait a lifetime
Are you strong enough to take a ride
