

Fallen Angel

Uriah Heep

C **Gm**
Everyone I see reminds me of you
I keep turnin' round
Expectin' you to be there
I keep seein' our past
Through my looking glass

F
But fallen angel

C **Gm**
Where are you now

After all these years
I remember the tears
When we parted you said
Don't forget me
You were ridin' so high
Now they're passin' you by
Girl I've never forgot you
Please come and get me

Dm
Livin' without you is

Bm **F**
Hard enough anyway

But knowin' you're hurtin'
Makes it so much worse every day

Ebmaj7 **Bmaj7**
I just wanna love you

Ebmaj7 **Bmaj7**
Any way that I can

F
And watching you cry wasn't

C **Gm**
Part of my plan

Tell me how did it feel
In your promised land
That you chose as
Your pain and your pleasure
A temporary sanctuary
Oh fallen angel
I'm your real treasure
