

One Minute (60 Seconds)

Uriah Heep

Standing on the corner, written in the snow
Did I make the right decision?
Not sure which way to go
I'm lookin' for connections, a friendly face to say
You gotta give it one minute, one hour, one more day

All the while I'm learning each day a little more
My confidence will help me to every open door
I made the right connection and now I'm here to stay
You gotta give it one minute, one hour, one more day
You gotta give it one minute, one hour, one more day

I gotta hold on to whatever I can
I'm not alone in this foreign land
All evil, all good, that's what they say
Good things come to those who wait
Good things come to those who wait

I'm lookin' for connections, a friendly face to say
You gotta give it one minute, one hour, one more day

All the while I'm learning each day a little more
My confidence will help to every open door
I made the right connection, now I'm here to stay
You gotta give it one minute, one hour, one more day
You gotta give it one minute, one hour, one more day
You gotta give it one minute, one hour, one more day

Just one minute
One minute, yeah
One minute
One minute
Just one minute
