

Don't Bleed

Urma

It seems I'm tired of your play
Too much complaining in your head
A bitch is crying less than you
I'm on my way.

I've seen the worse but you're on top
A lizard crawling on the ground
Pretending is the way you live
I'll watch you fall.

I said
Don't bleed on my face
Don't bleed.

So when you talk the money comes
A real performance for a whore
Pretending is the way you live
I'll watch you fall.

There's no mercy in my words
Well, there is no truth beneath your chords.
I'm what you see, I'm in your face
Not scared at all.

I said
Don't bleed on my face
Don't bleed.
