

# Gather Around Me

Urthboy

I can feel your presence on a Sutherland Train  
Change at Sydenham, crossing the bridge on a summery day  
On a dime it don't matter if the wind is coming in with the pouring rain  
You're saying "are you ok darling, I'm on my way"  
"Don't pick me up I can easily get onto a 418  
And I'll be fine and I'll let you know if the bus is late"  
And all the commuters pass by as you wait  
With a bag on your bag yeh you carry that weight

I'll be as light as a cinder  
Drifting in the breeze  
Gather around me  
All of these unfinished glimpses  
Of my memories  
Gather Around Me  
After all the talking, and all the lengths we've walked  
Just to get where I am, I know the hope you cradle in your hands And I feel  
that I hurt you when I strayed  
I cannot say if I'll regain that faith  
You told me that you felt that it was you to blame  
But you forget the credits to your name

We did a lot of growing up at 148  
I remember tears streaming down your face  
Even at its darkest you never let it make you bitter  
That's the motto, that's the kicker  
Bright tomorrow, lights will flicker  
My streets quiet as the skyline dimmers  
That's the Bombay Sapphire Tonic  
That's the grandkids come to frolic  
Did it work out like you wanted?  
Like you wanted

I'll be as light as a cinder  
Drifting in the breeze  
Gather around me  
All of these unfinished glimpses  
Of my memories  
Gather Around Me

You're on the train  
That carries you home  
Carries you home  
From here to the edge  
Of the horizon  
Savour it all  
Savour it all  
Savour it all  
Savour it all  
I'll be as light as a cinder  
Drifting in the breeze  
Gather around me

All of these unfinished glimpses  
Of my memories  
Gather Around Me
