

Advice To Teenage Self

U.S. Girls

"I wish I could tell my teenage self to, to, to, not to worry what other people think..."

"I wish, I wish, I wish I could tell my teenage self don't worry..."

"My teenage self? What's the one thing I wish I could tell my teenage self? I think you're doing a pretty good job. I think you're doing your best, so let it go and enjoy what you can for now because things will get pretty freaky soon..."

"Don't be so worried about things and don't worry about being liked..."

"I would tell her that I loved her and that life is long. Everyone says life is short, life is long. There's lots of room to be many different ways, and that I didn't have to be perfect because it was all going to go to shit soon anyway..."

"Don't worry..."

"I love you..."

"I don't know. I don't think I have any good advice to give myself, I'm still trying to figure stuff out..."

"Somebody will like you, not just for your personality but for your looks too..."
