

## Born To Lose

U.S. Girls

Here's what happens, baby, when they put you under the lamp  
And I don't believe in anybody since I heard the sound  
Everything rings, everything moves the way it should  
And I don't understand things that I'm supposed to do  
The postings on the page seem meaningless  
"Well feed your neck to a bear if you don't need your head."  
Cause Patti told Hatti that a thing to do  
"Find yourself a secret cause something's wrong with you"  
Then you're covered in light

"No good, born to lose" that's what they said  
"Reach out, close your eyes, and open your hand  
Take a ticket, stick a cricket into your head  
Better you take two and do it again  
Quickly getting sicker but we know what to do  
We'll tell you little lies and you'll tell us they're true  
Keep the treatment secret cause they won't understand  
Better you take two and do it again."

And you don't know what to believe in

There's nothing in your way when you become the sound  
There's nothing left to say  
And you don't know what to believe in  
You know you're covered in light

"No good, born to lose" that's what they said  
"Reach out, close your eyes, and open your hand  
Take a ticket, stick a cricket into your head  
Better you take two and do it again  
Quickly getting sicker but we know what to do  
We'll tell you little lies and you'll tell us they're true  
Keep the treatment secret cause they won't understand  
Better you take two and do it again."
