Us The Duo

Wanna see it?  
Yeah, I think it's for a song

Colder, deeper  
Close eyes, lean back  
Bye for now, see you tomorrow  
Running back now, I'm going under

[?] on the clouds so high  
Running on cotton candy sky

Wake up, confused  
I'm lost, new [?]  
But my mind still wants to wonder  
Still feeling good, so I'm going under

[?] on the clouds so high  
Running on cotton candy sky
