

Come Back

Us The Duo

Don't leave me hangin
Don't leave me hangin
on, on
Don't leave me hangin
Don't leave me hangin
on, on
Words came out that I meant to say
But I didn't want to
Someone's gotta change
Is it me, or is it you
Don't leave me cryin (why did I make you cry)
Don't leave me lonely (I never said goodbye)
Don't let me down (I only wanted your love)
Don't brake my heart (I couldn't give you enough)
Words came out that I meant to say
But I didn't want to
Someone's gotta change
Is it me, or is it you
oooo, oooo [x2]
Come back, come back, come back
Come back, come back
I need me around you, somethings missin without you
Come back, come back, come back
Come back, come back
I need me around you, somethings missin without you
I would die for ya
I would give up my life so you could live, oooooo
I would die for ya
I would give up my life so you could live, oooooo
Come back, come back, come back
Come back, come back
I need me around you, somethings missin without you
Come back, come back, come back
Come back, come back
I need me around you, somethings missin without you
ooooooo
bum, bum, bum, bum [x2]
