

Feel The Same

Us The Duo

I met you under a tree,
Eating ice cream.
Somehow I knew,
The one was you.
Even though we were only fourteen,
You were the reality of my dreams.
Right then I knew,
The one was you.
I take ten steps across the field to tell you exactly how I feel

You, you blew me off.
You walk away.
Don't wanna talk.
I wanna show you off,
Wanna hold your hand,
But you don't feel the same, but you don't feel the same as me.

I was under the tree,
Eating cookies n' cream.
Some how I knew,
That I love food.
I am only fourteen,
And love is not a priority.
Basketball and school,
Is all I do.

I saw you walking across the field,
I had no clue how I should feel.
So, I
I blew you you off.
I walked away.
Don't wanna talk.
I don't wanna show you off,
Don't wanna hold your hand.
I hope you feel the same,
I hope you feel the same as me.

I need ten years,
To become a man.
I'll wait ten years,
And try again.
You, you won't blow me off.
You won't walk away,
You'll wanna talk.
I wanna show you off,
I wanna hold your hand.
I hope you feel the same,
I hope you feel the same.
