

Goodbye

Us The Duo

Don't let your guard down if he comes and knocks your door down

Tell him, "I'm not that kinda girl, I'm not that kinda girl"
Fool me once, hell no
Fool me twice, gotta let you go
Gotta let you go

It's just so hard to say goodbye when you're so beautiful
I know the way I need to end this tragic musical
La la la la la la la la, goodbye
La la la la la la la la, goodbye forever

Don't entertain him when he makes it complicated
Tell him, "I'm not that kinda girl, I'm not that kinda girl"
Fool me once, hell no
Fool me twice, gotta let you go
Gotta let you go

It's just so hard to say goodbye when you're so beautiful
I know the way I need to end this tragic musical
La la la la la la la la, goodbye
La la la la la la la la, goodbye forever

You're cool but I am cooler
You're pretty but I'm cuter

You're cool but I am cooler
You're pretty but I'm cuter
And smarter

It's just so hard to say goodbye when you're so beautiful
I know the way I need to end this tragic musical
La la la la la la la la, goodbye
La la la la la la la la, goodbye forever

You're cool but I am cooler
You're pretty but I'm cuter

You're cool but I am cooler
You're pretty but I'm cuter
And smarter
