

Heartbreak

Us The Duo

A thousand pictures here to tear
To throw them out just don't seem fair
Can I hold on a little longer?
Can I hold on a little longer?

A book of stories left to share
To make you laugh but you won't care
Who am I suppose to tell now?
Who am I suppose to tell now?

Heartbreak
Cold heartbreak
Go away from here
Heartbreak
Cold heartbreak
Go away from here

A song that's never to be played
Forever strung around your name
The first chords bring me sadness
The first chords make me cry

A trunk of sweaters to return
And twenty greeting cards to burn
I might just keep a few
I might just keep a few

Ooooo
Heartbreak
Cold heartbreak
Go away from here
Heartbreak
Cold heartbreak
Go away from here
Oooooo
Let the tears fall down
Oooooo
Let the tears fall down

Heartbreak
Cold heartbreak
Go away from here
Heartbreak
Cold heartbreak
Go away from here
Let the tears fall down [x15]
