

## (Stop) Just Love

Us The Duo

I'll never stop trying to make you love me, oh  
Even if we're stuck in a rut,  
Doesn't matter how long we've been together,  
I'll be right there, right there, right there,  
Ohhh, we're never giving up,  
I won't stop.

Stop,  
Just wait,  
We've travelled this old road before,  
And always come around.  
Stop,  
Don't think,  
Just love,  
Ain't nothing gonna bring us down.

I'll never stop trying to let you love me,  
Hmm, even if we're stuck in a rut,  
No, through all this mess we've been together,  
I'll be right there, right there,  
I won't stop.

Stop,  
Just wait,  
We've travelled this old road before,  
And always come around.  
Stop,  
Don't think,  
Just love,  
Ain't nothing gonna bring us down.

We can yell how we want to,  
That won't change a thing,  
We can pay someone to listen  
And fix it temporarily,  
Or, we can stand up  
And fight for the life we built,  
Love will always save us,  
Love will always win.

(Stay) Stop,  
Just wait,  
We've travelled this old road before,  
And always come around.  
Stop,  
Don't think,  
Just love,  
Ain't nothing gonna bring us down.

Stop.
