

Sunday Afternoon

Us The Duo

Sunday afternoon
Only me and you
And now one else
Yeah, that's enough
Sunday afternoon
Nothing else to do
I think of us
And remember love

I hope one day when I am gone
You'll still remember me
I hope one day you play the song
Even if it's only one day a week
Let me be your Sunday memory

Sunday afternoon
Wishes do come true
My wish is time
While you are mine
Sunday afternoon
The day is over soon
Just one last kiss
Remember this

I hope one day when I am gone
You'll still remember me
I hope one day you play the song
Even if it's only one day a week
Let me be your Sunday memory

Sunday afternoon
The day is over soon
Just one last kiss
Remember this

I hope one day when I am gone
You'll still remember me
I hope one day you play the song
Even if it's only one day a week
Let me be your Sunday memory
Let me be your Sunday memory
Let me be your Sunday memory
