

I Don't Think So

US5

US5

Don't think so

Oh no

Oh no

I can tell you nothing but the truth in fact

Everytime that you were down I had your back

I don't even wanna see you act like that

Are you ready, are you ready, let's go...go

I have something you don't want me to say

My faith in you has gone right down the drain

Why do you make me do things I don't even understand

To be frank I've had enough

There was something right

I once called you mine

But in this case

Going your way

Would be a big mistake

I don't wanna be you friend no more

Stop calling cause it's all over

Girl I can't take no more

Cause it eats me up inside

I don't wanna be here waiting for

The one I gave up long ago

You said that I'd never go

Oh girl I don't think so

I thought that you'd be with me all my life

Now I want you to suffer all day and night

I never thought that one day

I would see the day of light

Oh your time just wasn't right

Girl I ain't blind (blind)

I see right through your eyes (eyes)

You don't love me

You betrayed me

And that was your mistake

I don't wanna be you friend no more

Stop calling cause it's all over

Girl I can't take no more

Cause it eats me up inside

I don't wanna be here waiting for

The one I gave up long ago

You said that I'd never go

Oh girl I don't think so

Your attention is to questions

Your obsessions make me ill

My attractions to your actions left the day

You said I'd never go (never go, never go)

I don't wanna be you friend no more

Stop calling cause it's all over

Girl I can't take no more
Cause it eats me up inside
I don't wanna be here waiting for
The one I gave up long ago
You said that I'd never go
Oh girl I don't think so

I can tell you nothing but the truth in fact
Stop calling cause it's all over
Everytime that you were down I had your back
Cause it eats me up inside
I don't wanna be here waiting for
The one I gave up long ago
You said that I'd never go
Oh girl I don't think so
I don't even want to see you act like that...

Be you friend no more
And now It's time to go
I can't take no more (no more)

Eats me up inside
And now It's time to go
Girl I don't think so
