

## Let It Go

US5

I was thinkin' 'bout the things you said  
I admit that I was wrong  
Maybe if you told me how to make  
What I did undone

Twenty nights apart, that's what we are  
And I'm dyin' in my sleep  
Happy days they seem so far away  
Can I come back home?

You told me you loved me  
But now it's all history  
I'm bleedin' so badly  
I just gotta let it go  
I thought that I was your friend  
But now you're with someone else  
Let it go, let it go

Now I'm lyin' in my bed at night  
With your picture in my hand  
Reminisclin' back to when we were  
More than just good friends

Does he make you feel the way I did?  
Does he care the way I cared?  
Precious love is just so hard to find  
Why are you not here?

You told me you loved me  
But now it's all history  
I'm bleedin' so badly  
I just gotta let it go  
I thought that I was your friend  
But now you're with someone else  
Let it go, let it go

I don't understand why you left me all alone  
And I can't sleep at night  
My heart's on the floor, don't want this no more  
I need you back in my life, baby

You told me you loved me  
But now it's all history  
I'm bleedin' so badly  
I just gotta let it go  
I thought that I was your friend  
But now you're with someone else  
Let it go, let it go

You told me you loved me  
But now it's all history  
I'm bleedin' so badly  
I just gotta let it go  
I thought that I was your friend  
But now you're with someone else  
Let it go, let it go
