US5

Everybody's in the club tonight  
I'm lookin' out for something that I like  
A cutie pie to fill my appetite  
I'm feelin' like I wanna one night stand

Tell the DJ gotta play my song  
Beat is bangin' there ain't nothing wrong  
Roll your booty cause I'm down tonight  
Tell me baby can I freak you right now

Girl I wanna rock your world  
And give you love till you go crazy  
Bring your body round tonight  
Say la, la, la, la, la, la (oh)

Señorita, what you doin' all night  
Mamacita, you're the one I like  
Tell me baby does it feel so right  
How about we have a one night stand  
Señorita, mamacita, sexy lady, be my baby

Señorita, what you doin' all night  
Mamacita, you're the one I like  
Tell me baby does it feel so right  
How about we have a one night stand  
Señorita, mamacita, sexy lady, be my baby

Now I'm ready and the mood is right  
I see a honey in her body's tight  
I guess it's time for me to roll to dice  
She's lookin' like she wants a one night stand

Pull up on her, time to make her mine  
Let her know, I'll make her satisfied  
I'm fellin' lucky, like tonight's the night  
I wanna hit it, till I make her fell right

Girl I wanna rock your world  
And give you love till you go crazy  
Bring your body round tonight  
Say la, la, la, la, la, la (oh)
