

Before It Kills

Useless ID

Another victim on the murder train
From injected poison to the blood stream
There is no getting off at any stop
You can rest assured you're never coming back

Before it kills you now
The cancer never dies
Before it kills you now

I don't know you, I don't know anyone
But I consider it a prized possession
I never meant in doing any harm
We're all creatures killing ourselves slowly

Before it kills you now
The cancer never dies
Before it kills you now
Are you waiting for a sign?

Before it kills you now
The cancer never dies
Before it kills you now

Dancing in the dark with something you obtained
Just another victim on the murder train
Dancing in the dark with something you obtained

Dancing in the dark with something you obtained
Just another victim on the murder train
Dancing in the dark with something you obtained
So stop it now before it kills you

Before it kills you now
The cancer never dies
Before it kills you now
Are you waiting for a sign?
Define the reason why you're alive?

Before it kills you now
