

## Too Dad You Don't Get It

Useless ID

Nothing feels better than learning to face all the fears that's  
been guiding you for years.  
Nothing feels right when you can't sleep at night wondering does  
anybody care?  
I don't care but I'm aware of the things we used to say when we  
were young  
they don't belong in our lives please don't live a lie.
