

## 2nd Round

Usher

Just touched down in town again  
You think about me now and then  
Been missing my lover friend  
Let's say we have a 2nd round again

Girl, it's been a while  
So I thought I'd hit you up  
You never left my mind  
Let's pick it up where we left off  
The last time I left you thirsty baby  
So let me feel you up  
Yeah It's been a minute  
I know you miss the way we touch  
You can think about you don't want it  
You don't wanna come across too anxious  
Come see if you'd like for a second

Girl I'm in your town, come over  
Girl don't let me down I won't be here for long  
I'll show you a good time  
One that we'll both remember  
Girl give me your best, expect none less girl

Said you wouldn't but you did it, oh girl  
I can tell you don't regret it 'cause you ain't been touched like thi  
s  
Since the last time

The feeling that I get  
Everytime we can dance, oh lady  
One more kiss, let em out, but I'll be back around  
Baby you can hang around if you want to  
But I gotta be out, Handle some B.I.  
When I get back get ready for a second round

Girl I'm in your town, come over  
Girl don't let me down I won't be here for long  
I'll show you a good time  
One that we'll both remember  
Girl give me your best, expect none less girl

Just touched down in town again  
You think about me now and then  
Been missing my lover friend  
Let's say we have a 2nd round again
