

BIG

Usher

We can't wait to grow up
We all want to be big
We can't wait to grow up, yeah
We big time, baby

You want somebody to take charge
You know I do it extra large
When I was a kid, I would go to McDonald's
I would never order the small

I would get it big
You know I do it big
I like mines big
It gotta be big
Let's go

If they only knew you had an ass like this
If they only knew you let me smash like this
If I had a dollar
every time I made you holler
I would probably have a hundred million bands, so rich
I hope you like it nasty (Nasty)
'Cause, girl, that's all I know
You know I got a present for you
And, baby, it's wrapped in gold

You want somebody to take charge
You know I do it extra large
When I was a kid, I would go to McDonald's
I would never order the small

I would get it big
You know I do it big (So big)
I like mines big
It gotta be big (You want that supersize)

B-I-G, I'm the C.E.O.
MVP, worldwide, Black Beetle
Too damn rich, Tom Hanks my hero
Ice on my wrist, so I only throw C-notes
So I hope you like it flashy
You looking at hundred million sold
Pick your destination, baby
Where you wanna go?

You want somebody to take charge
You know I do it extra large
When I was a kid, I would go to McDonald's
I would never order the small

I would get it big
You know I do it big (So big)
I like mine big
It gotta be big (You want that supersize)

Listen, baby
Give me your love

I like it big when we're freakin'
Crazy, every day
Still making love on the weekend
Baby, big truck
Girl, I hope you can handle it
If I crash, girl, I pay for the damages
Bring a friend, girl, you know I love sandwiches

Yeah, you like it big, I do it big, so, so big
I ain't no kid, I'm so, so big, real, real big
Make it, make it, make it

You want somebody to take charge (Take charge)
You know I do it extra large (Extra large)
When I was a kid, I would go to McDonald's
I would never order the small (Only would order)

I would get it big (Let me look inside)
You know I do it big (So big)
I like mines big
It gotta be big (You want that supersize)

More is better
