

# Bop

Usher

I need your body, baby  
Wanna feel your body, baby  
I'ma kill your body, baby  
Tonight

Lie on me  
Baby, die on me  
Don't be shy on me  
Keep your eyes on me

Been a minute  
Two months to be exact  
And I miss you, baby, in fact  
Driving me crazy, baby

So, why don't we just go somewhere  
Where me and you can iron it out?  
Flat iron it out

'Cause I miss you in the morning  
And I miss you in the afternoon  
Girl, I miss you in the evenings  
Girl, I miss you like I never knew

Girl, I miss you like Jodeci  
Girl, I miss you like Pac  
Girl, I miss you like Aaliyah  
Come back and make this song stop

Don't let this turn into a bop  
Don't let this turn into a bop, no, no  
Don't let this turn into a bop

Mi amor, te adoro  
Can't get you out my mind  
I think about you all the time  
Some days I lay in the dark  
And stay in the blind  
You ain't moonwalking 'cross my heart like young Michael  
Still can't accept that loss like Mike Tyson  
Friends chiming in, got you undecided  
Hit that "Defrost" for the kid, un-ice it

Done reminiscing  
And ain't get no more attention from it  
Texting, "Goodbye, my old friend."  
Oh, no. There I go lying again

Been a minute  
Two months to be exact  
And I miss you, baby, in fact  
Driving me crazy, yeah

'Cause I miss you in the morning  
Girl, I miss you in the afternoon  
Girl, I miss you in the evenings  
Girl, I miss you like I never knew

Girl, I miss you like Jodeci  
Girl, I miss you like Pop  
Girl, I miss you like Aaliyah  
Come back and make this song stop

Don't let this turn into a bop  
Don't let this turn into a bop, no, no  
Don't let this turn into a bop

Oh baby, ooh  
Know you really shuttin' me out  
Go ahead and shut me down for good  
Don't have me lingering  
My pretty little thing  
Know I couldn't be  
Everything that you needed  
Give me a chance  
I just wanna be your man again  
I just wanna be in the plan again  
I just wanna be, ooh  
Anything you want me to do

Don't let this turn into a bop  
Don't let this turn into a bop, no, no  
Don't let this turn into a bop  
Don't let this turn into a bop
