

Boyfriend

Usher

Somebody said that your boyfriend's lookin' for me
Oh, that's cool, that's cool
Well, he should know I'm pretty easy to find
Just look for me wherever he sees you

I go wherever you go
Ooh, woah, ooh, woah, ooh
I go wherever you go, oh
Ooh, woah, ooh, woah, ooh

Uh, yeah, oh Turn the lights on
It seems natural for me to wonder off to where you, where you are (Wonder of
f to where you are)
In your head 'cause I'm not in your bed, you just imagine
Daydreamin' about me, oh
Tryin' to be on your best behavior
Lovin' me on the low
The taste of your thoughts I can't wait until it's over (Oh, oh)

Somebody said that your boyfriend's lookin' for me
Oh, that's cool, that's cool
Well he should know I'm pretty easy to find
Just look for me wherever he sees you
Somebody said that your boyfriend's lookin' for me
That's cool, yeah (That's cool)
If he could find a way to get in your mind (Get in your mind)
Say he want me, that's all he got to do

I go wherever you go
Ooh, woah, ooh, woah, ooh
I go wherever you go, oh
Ooh, woah, ooh, woah, ooh

I try my best not to be all in your phone
But I know that's not what you want
Might as well keep some pictures of the two of us in your home
When you slow dance by yourself, I'm right behind you (Yeah)
Spray my fragrance on your skin, it will remind you (Remind you)
Of the times we linked up
And the nights we dreamed of, girl

Somebody said that your boyfriend's lookin' for me
Yeah, that's cool, that's cool, yeah
Well he should know I'm pretty easy to find
Just look for me wherever he sees you
Somebody said that your boyfriend was lookin' for me
That's cool (Yeah)
If he could find a way to get in your mind (Get in your mind)
Say he want me, that's all that he got to do

I go wherever you go
Ooh, woah, ooh, woah, ooh (I go wherever you go)
I go wherever you go, oh
Ooh, woah, ooh, woah, ooh (I go wherever you go)

I go wherever you go, yeah
I go wherever you go

If you could find a way
'Cause I'll be right here
Honestly all the time
I've been dreamin'
I go wherever you go
Ooh, woah, ooh, woah, ooh
