

# Cuz We Can

Usher

Aw!  
This my je ne sais quoi right here  
Big town!  
Haha, watch this

If she like it, I love it  
If she want it, I got it  
I don't concede it, I'm tricking  
I do it for my lil' buddy  
Some say that it's stuntin'  
But I'm on my Mick lushin  
I can say that she like it  
She ain't used to me buggin'

Girl you kill them like a homicide  
Murder she wrote  
And I can tell that you ain't even try  
They taking on, you choose another,  
that's a waste of time  
And that's for sure  
If you're dedicated, you can get it

I got that bass for your treble  
Turn it up a level  
Baby let me call you  
Got the game planned  
Relax, relax, relax  
Do it cuz you can  
I can tell that you and your girl want trouble  
Got me seeing double  
I ain't got a girl, you two need a man  
Let's do that, let's do that  
Let's do that, let's do that  
Let's do it cuz we can, yeah

Pay attention you know that class is in session  
Yeah you due for a lesson  
Yeah you've been a bad girl  
I have to put you on punishment  
Your girl say she with it  
Then you get extra credit?

I got that bass for your treble  
Turn it up a level  
Baby let me call you  
Got the game planned  
Relax, relax, relax  
Do it cuz you can  
I can tell that you and your girl want trouble  
Got me seeing double  
I ain't got a girl, you two need a man  
Let's do that, let's do that  
Let's do that, let's do that  
Let's do it cuz we can, yeah  
Shall we?

Baby let me call you

Got the game planned  
Relax, relax, relax
