I can take you home on escape
Ooh, I need your backspace in my life
Thank God you don't have a flat screen

Please, baby I got to see you
And I really wanna please you
So get on my laptop so I can download

Online, I love the way you log on
We can do it all night
I'll make you dot com

Baby, if you sign on

Ooh, Baby, if you log on

Let my fingers do the talking
